To be part of this vital ministry at Messiah, contact the Church Office - 814-899-6386

Online Worship Update

We are now live streaming our Worship Services on our web site (messiah-erie.org). The videos of the services will be uploaded to our YouTube channel on the following Tuesday.

Remembering the Children

The orange banner hanging in the Sanctuary is in remembrance and lament of the children of the First Nations people, whose remains were discovered in a mass grave, and of those yet to be discovered.

We grieve with our Native sisters and brothers as they journey through this very sad and heart-breaking time in their collective psyche.

The orange banner will remain in our Sanctuary through May 28, 2023.

Please offer up prayers for our Native sisters and brothers!

Thank you for your participation in this remembrance!

Assisting Ministers and Lectors

The blank schedule for **Mat** will be in the **Narthex** through **April 16**.

Please schedule yourself.

AUTISM ACCEPTANCE MONTH

Autism Acceptance Month, previously named Autism Awareness Month, in April aims to celebrate and promote acceptance for the condition that occurs in one in every 54 children as of 2020 in the United States. Autism, a complex developmental condition affecting the patient's ability to interact, communicate, and progress, has not one but many subtypes. First held in the year 1972 by the Autism Society, Autism Acceptance Month emphasizes the need for public awareness to promote acceptance, celebrate the differences, and be more inclusive towards autistic individuals around us.

HISTORY OF AUTISM ACCEPTANCE MONTH

Every April, the Autism Society works to build an inclusive community where autistic individuals are embraced and supported to achieve the highest quality of life possible. The Autism Society was founded in 1965 by Bernard Rimland and remains one of the few grassroots organizations in the autistic community. Driven by the fact that autism is the fastest-growing developmental disability in the world, the Autism Society hosted one of its first nationwide efforts of an awareness campaign called National Autistic Children's Week in 1972, which subsequently evolved into the Autism Awareness Month earmarked in April. In 2021, Autism Awareness Month was renamed Autism Acceptance Month to foster acceptance and ignite change.

The Autism Society deeply understands the need to foster awareness and acceptance to ignite change and a healthier lifestyle through improved opportunities for people with autism. It works every day to improve the lives of affected individuals and families. The organization caters to more than 600,000 people living under the "autism onslaught," using tools like community partnerships with organizations, digital and print resources, along with events and referrals to spark empathy and inclusivity in the general public. Besides educating masses for better systems-wide change and acceptance, their affiliate program stretches across more than 75 networks and advocates for exclusive services for the autistic community.

With the autism diagnosis rate increasing fast, we take these 30 days to celebrate the differences of, learn more about, and empower autistic individuals.

A very powerful way to kick off Holy
Week!**

He Is Risen!

Most of us have known Christ Jesus for many years, or at least we know about him. As I watched "Jesus of Nazareth" the other day, I couldn't help but think....what would we have thought of Jesus in his days on earth?

Even his own people called him just a carpenter's son. It took a face-to-face with an angel of God to convince Mary, Joseph, Ann, and Elizabeth of his Divinity! He had a childhood like any other Jewish boy. He did chores, studied at Joseph's side. Then he turned twelve. If you've been privy to the life of a twelve year - old - boy, you know that his mother's prayer was, "God help us all."

And what did Jesus do? Well, he took off without letting his parents know where he was going. Yes, he would be found at the Temple, but not until Mary was pulling her hair out. The story mercifully leaves out the details of his teenage years. I feel safe in saying he was a leader, though probably not a diplomat. We can be sure he spoke well and was quite charismatic.

I can't imagine him stealing dates from the penny candy store. I can only think what his teenaged friends would say if he told them "I am the Son of God, the Most High." Yeah, it would have been quite a brawl.

Then we meet Jesus many years later; he has become a man of his convictions. Word of his miracles spread like wildfire! He was at the same time cursed and yet welcomed with joy.

Jesus was a man with a mission. People were drawn to listen. Part of the draw was how he used the parables, to put his lessons into circumstances even a child of the day could understand. He was quick to demand our obedience to the word of God, and quick to ask some telling questions, and for repentance before pronouncing forgiveness.

Even after seeing how the people would treat him, he still gave his life so that we may live.

Yes Lord Jesus is quite a man. Sincere, intelligent, and faithful. Uncompromising in his beliefs.

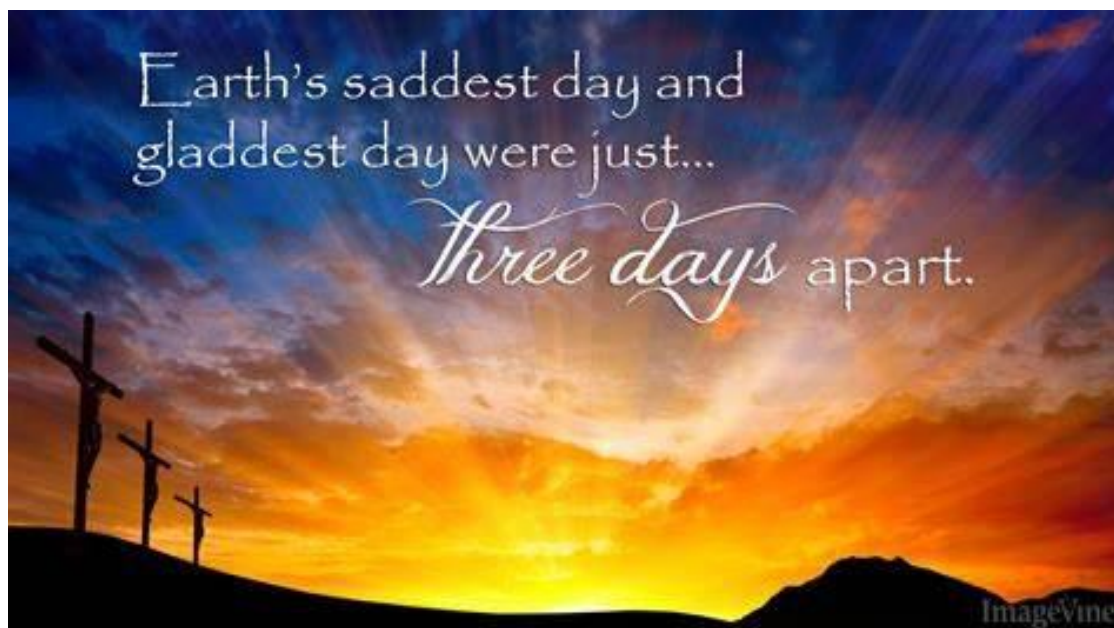

If only we could say, yes, I really know Jesus!

From my family to yours, have a very Happy Easter. Celebrate His Resurrection with joy!

Hallelujah! Christ is Risen!

Your servant in Christ,

Marilyn DiLuzio Rizzo

MEADOWSCAPING: TO MOW OR NOT TO MOW

I almost feel like it's the creepy start of a horror movie when I see a perfect lawn that has little yellow flag on it....it's covered with 2, 4-D, Mecoprop-p and Dicamba and, of course, Round-up.

<https://www.insider.com/native-landscaping-doug-tallamy-lawns>

Meadowscaping is gardening with pollinator-friendly, perennial native plants — with the intention of building healthy, resilient communities. Planting native plants for birds and pollinators is the way to be responsible! We all pay a high price for the notion of “perfectly manicured lawn”. Perfectly manicured means gas machines, noise, pollution, bagging up valuable leaves, pesticide poisons and no habitat for butterflies and birds

Deer ticks carry disease and effect anyone who spends time out of doors in NWPA. Mowed lawns and non-native plants do not sustain a healthy ecosystem that naturally discourages ticks. Replacing even 1/3 of manicured lawns with perennials, shrubs and trees provide a healthier ecosystem for native insects, which feed native birds, bats and other creatures who eat the insects, including ticks! If you're lucky native non-poisonous snakes will eat mice, who carry deer ticks.

Mow less and create a native, healthy landscape around your home. You'll be caring for creation and creating self-sustaining natural, healthy habitats you can also enjoy. Doug Tallamy, an entomologist at the University of Delaware, wants to see lawns replanted with native North American flora, supporting a healthy array of native North American butterflies, moths and other arthropods, providing food for a robust population of songbirds, small mammals and reptiles. He even has a name for it: *Homegrown National Park*, an aspirational project to repurpose half of America's lawnscape for ecologically productive use. That would comprise more than 20 million acres, the equivalent of nearly ten Yellowstone. The intention is to unite fragments of land scattered across the country into a network of habitat, which could be achieved, he wrote in *Bringing Nature Home*, “by untrained citizens with minimal expense and without any costly changes to infrastructure. Every little bit helps,” Tallamy says. “Most people don't own 50 acres, so it's not going to be that hard. The minimal thing is, you plant a tree and it's the right tree.”

About Our Members

Please keep the church office informed of any changes in your contact information. It is important for us to keep our database up-to-date. Thank you for your cooperation.

Call Committee

The committee has met every week to complete all the paperwork required by Synod. The members went to great lengths to make sure what was submitted was truthful and positive.

We were asked to talk about our worship life, outreach, involvement with Synod, goals, programming, purpose, giftedness, mission, and the financial well - being of our congregation.

We worked hard to portray the characteristics of both services. We chose the top 5 Ministry Tasks and listed those of high or low priority we felt Messiah needed in a pastor and our expectations of a pastor and what the pastor could expect from the members of Messiah.

Many thanks go to Rich Alaniz, Cindy Anderson (chair), Robin Curtis, Gerrie Elias (secretary), Bob Pommer, and Candy Sprouse who worked diligently and prayerfully on all the paperwork.

Please continue to keep this process in your prayers that God will lead us to our next chapter!
